

Bringing Your Small Groups into the Digital Age

REACH- Reaching People for Christ.

Google Drive (iOS and Android app, google.com/drive)

- Share contact information, lists, events, lesson documents, etc.

Wunderlist (iOS and Android app, wunderlist.com)

- Delegate contacts/other matters of action

Mail Chimp (iOS and Android app, mailchimp.com)

- Add Attributes (Leadership Team, Group Members, Group Prospects) and email those attributes specifically.
- Send BF Announcements/Group News via Mail Chimp

Google Calendar (iOS and Android app, google.com/calendar)

- Make Group calendar Google. Allows people in your group to subscribe. Easy access point for prospects to get involved more than just on the weekend.

LEARN- Learning to Live Like Christ.

Navigator Topical Memory System (Cost) (iOS and android app)

- Scripture Memory based off of topics (i.e. Obedience to Christ, Prayer, Fellowship). Group can learn one verse together each week.

Right Now Media (iOS and Android app, rightnowmedia.org)

- Use Bible Studies in Shepherd Groups to supplement the lessons.

Scripture Typer (iOS and Android app, scripturetyper.com)

- Scripture memory system for those that learn better by doing rather than reading.

LOVE- Loving People with Christ.

Facebook Groups (iOS and Android app, facebook.com)

- Place to share events, prayer requests, documents from the lesson, etc.

Group Me (iOS and Android app, groupme.com)

- Small Group Connect and pray for each other.
- Use Group Me as a supplement to announcements.
